“It was through the internship that I was inspired to use data to drive decision-making. It was this experience that paved the way for my interest in real world research, data, and its use in formulary and clinical practice decision making.”

Thank you for your continued support of AMCP Foundation! I'm so happy to share **Your Impact in Action**, a new communication exclusively for AMCP Foundation supporters.

Periodically, we will share how your donation contributed to propelling AMCP Foundation's mission forward. Today, we are putting our awesome interns on center stage! More than 200 student pharmacists have participated in AMCP Foundation summer internship programs since our founding in 1990.

It is only through your generous contribution that we can continue to expose student pharmacists to formulary decision-making. Your support combines with the generosity of funding partners like Pfizer, AbbVie, and Genentech to give future leaders vital opportunities.

Take a look at your impact in action with [this video](#) highlighting a few of our summer intern alumni.

Cheers to making a difference,

Paula J. Eichenbrenner, MBA, CAE, Executive Director and Chief Cheerleader for #AMCPFdn
