### Managed Care Pharmacy Primer Series: Your Guide to the Foundations of Managed Care

AMCP Foundation recently collaborated with AMCP and *JMCP* to create the Managed Care Pharmacy Primer Series — a tribute to Judith A. Cahill. These articles carry forward her legacy by dissecting vital managed care pharmacy topics, simplifying intricacies, and providing accessible insights to promote more informed decision-making. Whether you're a health care professional, legislator, or business partner, these tools empower decision-makers to make informed choices, providing strategic insights chosen for their relevance to today's legislative landscape.

## INSIGHTS

### Ring in the Spirit of Giving!

Thanks to your amazing generosity we exceeded our \$15,000 GivingTuesday goal and raised more than \$17,000! Help us continue this momentum by matching your gift before the end of the year. From funding initiatives like the HBCU Travel Awards Fund to launching the AMCP Primers, your generous support maximizes our ability to inspire the next generation of managed care pharmacists.

A vertical graphic for the AMCP Foundation Intern Alumni Spotlight. It features a blue and green abstract background with bokeh effects. The text "AMCP FOUNDATION" is at the top, followed by "Intern Alumni Spotlight" in large blue script. A hexagonal photo of a man, identified as Henry Lee, PharmD, is centered. Below the photo, his name is written in white. The AMCP Foundation logo is at the bottom.

An advertisement for BioSim.Care. At the top, it says "PRIME" and "free CME/CE". Below that, the product name "BioSim.Care" is in large white text, with "An Interactive Biosimilar Web App" in smaller text underneath. A woman is shown using a tablet. At the bottom, there is a yellow button labeled "ACCESS NOW" and the website "www.biosim.care".

## **Intern Alumnus Spotlight: Henry Lee**

Celebrating 30 years, more than 200 student pharmacists like Henry Lee, PharmD, MS, have participated in AMCP Foundation summer internships since our founding in 1990. Since interning in 2009, Henry has been able to take what he has learned from the program and applied it to his role today. He says that "the AMCP Foundation internship was the first experience that showed [him] how managed care could be practiced from so many intersecting perspectives." Take a look at his Intern Alumnus Spotlight article to learn more about his experience and current role in managed care.

## **Access Biosimilar Care: Interactive Web App for Patients and Providers**

Created in partnership with AMCP Foundation, PRIME Education, and Biosimilars Council, navigate through the Biosim.Care web app for essential information on the expanding landscape of biosimilars. In addition, the App provides useful resources for engaging patients during the switch to a biosimilar and understanding managed care requirements to ensure that your patients have appropriate and prompt access to necessary care.
