

APPLICATION DEADLINE:

Friday, January 17, 2020

INTERNSHIP REQUIREMENTS

- Currently enrolled as full-time Doctor of Pharmacy and/or a joint MBA, MPP or MPH degree program in an ACPE-accredited school or college of pharmacy with anticipated graduation in 2020-2021. Must be eligible for employment in the U.S.
- Candidates must submit an online application, one letter of recommendation and a letter of good academic standing from their institution. Letter must confirm enrollment in PharmD program and cumulative GPA.

SELECTION OF INTERNS

- Applications are reviewed by AMCP members, AMCP Foundation staff and Genentech recruiters and hiring managers.
- Genentech will interview final candidates and may schedule on-site final interviews.
- Genentech will make final selections. All candidates will be notified in March 2020.

This annual internship reflects the commitment of the **Academy of Managed Care Pharmacy Foundation** and **Genentech, Inc.** to fostering healthcare leadership through student pharmacist education and to improving the quality of patient care in managed care pharmacy setting. This program is administered by the Academy of Managed Care Pharmacy Foundation.

EVIDENCE FOR ACCESS SUMMER INTERNSHIP

2020 INTERNSHIP OVERVIEW

This program will provide an opportunity for interns to contribute to meaningful projects and interact with industry experts within the Evidence for Access Team in US Medical Affairs at Genentech, while gaining knowledge of the biotechnology industry. Following a competitive selection process, two student pharmacists will spend 10-12 consecutive weeks at the Genentech campus in South San Francisco, Calif., under the supervision of a preceptor/manager. Students will also be matched with virtual preceptors and present capstone research projects at AMCP Nexus 2020.

Summer internship highlights include:

- Opportunity to work on challenging, business-critical projects
- Research project development and presentation
- Exposure to senior management, networking opportunities and career path possibilities
- Rotation at AMCP/Foundation

Genentech
A Member of the Roche Group

This program is made possible through the generous support of Genentech, Inc.

ADDITIONAL EXPOSURE:

- Informational interviews with medical, government, and commercial departments
- Support health economist in Evidence for Access BioOncology
- Health Economics & Outcomes Research (HEOR)
- Health Policy & Systems Research (HPSR)
